Equal Opportunity Statement

Of Compliance

Ogeechee Technical College does not discriminate on the basis of race, color, creed, national or ethnic origin, gender, religion, disability, age, political affiliation or belief, genetic information, disabled veteran, veteran of the Vietnam Era, spouse of military member or citizenship status (except in those special circumstances permitted or mandated by law). This nondiscrimination policy encompasses the operation of all technical college-administered programs, programs financed by the federal government including any Workforce Investment Act of 1998 (WIA) Title I financed programs, educational programs and activities, including admissions, scholarships and loans, student life, and athletics. It also encompasses the recruitment and employment of personnel and contracting for goods and services.

Ogeechee Technical College shall promote the realization of equal opportunity through a positive continuing program of specific practices designed to ensure the full realization of equal opportunity.

The following individuals have been designated to handle inquiries regarding the nondiscrimination policies:

For Title IX:

Kelli Waters, Student Activities and Special Populations Coordinator

Ogeechee Technical College

One Joseph E. Kennedy Blvd.

Office 193, JEK Building

Statesboro, GA 30458

Phone 912.871.1885

kwaters@ogeecheetech.edu

For ADA/Section 504:

Laura Saunders, Disability and Student Support Services Coordinator

Ogeechee Technical College

One Joseph E. Kennedy Blvd.

Office 189, JEK Building

Statesboro, GA 30458

Phone 912.486.7211

phendrix@ogeecheetech.edu

If an individual with a disability needs this catalog in an alternative format, please contact the Disability and Student Support Services Coordinator at 912.486.7211.

General Information

Location:

Ogeechee Technical College is located approximately two miles south of Statesboro, Georgia, on U.S. 301 at Joe Kennedy Boulevard.

Main Campus:

One Joseph E. Kennedy Blvd., Statesboro, GA
(912) 681-5500; (800) 646 – 1316

Bulloch County Workforce Development Center:

8 Joseph E. Kennedy Blvd., Statesboro, GA 30458
(912) 871-1721

Evans Technical Education Complex:

625 Cedar Avenue, Hagan, GA 30429
(912) 739-2671

Screven County Workforce Development Center:

107 South Community Drive, Sylvania, GA 30467
(912) 564-7326

Accreditation:

Ogeechee Technical College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate degrees, diplomas, and technical certificates of credit. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the status of Ogeechee Technical College.

The Commission is to be contacted only if there is evidence that appears to support Ogeechee Technical College's significant non-compliance with a requirement or standard. Normal inquiries about Ogeechee Technical College, such as admission requirements, financial aid, educational programs, etc., should be addressed directly to the College and not to the Commission's office.

Affiliation:

Ogeechee Technical College is a unit of the Technical College System of Georgia and is a postsecondary educational institution, operated under the supervision of the State Board of the Technical College System of Georgia, serving the needs of business, industry, and the public in Bulloch, Evans, and Screven counties.

A Brief History of Ogeechee Technical College

Ogeechee Technical College has had a remarkable impact upon its community even in the brief time that it has existed. In less than thirty years, it has placed thousands of graduates into productive and satisfying employment; it has helped hundreds of citizens improve their literacy or earn a GED; it has assisted dozens of businesses and industries in retraining their workers.

The Georgia General Assembly established Ogeechee Technical Institute as a public, two-year technical school in 1986. Soon afterwards, Ogeechee Tech began offering Practical Nursing courses to 25 students who met for classes at the local hospital. Faculty, staff, and students moved into the original 75,000 square foot, \$6 million facility in the fall of 1990. By this point the school was also offering instruction in Adult Literacy and in the General Equivalency Diploma (GED) exam preparation. Programs in business, industry, and other health programs were soon added. The school was accredited by the Council on Occupational Education

Ogeechee Technical Institute's growth during the mid-1990s coincided with the expansive growth of Georgia Southern University and the Statesboro area. Local support and the establishment of the Georgia State Lottery funded HOPE grant (Helping Outstanding Pupils Educationally) in 1993 were contributing factors in the rapid growth of Ogeechee Tech. The school continued to add programs to better serve the employment needs of its three-county service area: Bulloch, Evans, and Screven.

In 1999, Ogeechee Technical Institute experienced a \$5.5 million expansion by adding a Health Science Building, a childcare facility, and a Horticulture Building. During this time, Ogeechee Tech also expanded its services through the opening of the Screven County Learning Center in Sylvania.

The first Associate of Applied Technology (AAT) degree program, Industrial Manufacturing, was started during Winter Quarter 2000, and soon after seven additional AAT programs were offered: Accounting, Computer Information Systems, Early Childhood Care and Education, Funeral Service Education, Health Information Technology, Marketing, and Opticianry.

On July 6, 2000, Ogeechee Technical Institute officially had its name changed by the state legislature to Ogeechee Technical College.

Student growth continued due largely to the addition of new programs, many of which were unique in the state technical college system. These distinctive programs included Funeral Service Education, Forensic Science Technology, and Opticianry. During the summer of 2002, Ogeechee Tech opened the Evans County Learning Center.

With the opening of the Occupational Studies Building in Fall 2003, a wider variety of programs, such as Agribusiness, Wildlife and Plantation Management, Geographical Information Systems Technology, Veterinary Technology, Culinary Arts, and Hotel, Restaurant & Tourism Management, enabled the college to further expand its employment training opportunities.

In 2004, Ogeechee Technical College paid tribute to the late Senator Joseph E. Kennedy for his role in the establishment of Ogeechee Technical Institute by dedicating the main building on campus as the Joseph E. Kennedy Building.

In July 2008, Ogeechee Technical College was awarded a Regional Law Enforcement Academy which is housed in Evans County. The project allowed new law enforcement officers to receive their basic law enforcement training and obtain college credit at the same time. That same year, Ogeechee Technical College began construction of the Evans Technical Education Complex. The new complex included the Logistics and Public Safety Building, a driving track for the Commercial Truck Driving program, and an emergency vehicle operator track for the Regional Law Enforcement Academy. Another big change came at the beginning of 2009 when an Emergency Mass Notification System for faculty, staff, and students was implemented. The new OTC Alert system provided a way to send emergency warnings via cell phone and email messages. In an effort to offer better services to the students, Ogeechee Tech moved the Adult Education program to a new location adjacent to the main campus.

In 2011, Ogeechee Tech transitioned from a quarter to a semester course schedule as well as moving to a tobacco-free campus. Also in that same year, Ogeechee Technical College was named the 2011 Technical College of the Year for the State of Georgia. Determined by meeting benchmarks in a variety of critical areas, Ogeechee Tech earned the top spot in the state system.

In January 2013, classes began in the new Health Science Building-North. The Echocardiography, Opticianry, Radiologic Technology, Radiology Picture Archiving, and Sonography programs were relocated to this new building which provided expanded classroom and lab space for each program. Included in the new facility was a modern biology lab and a tiered lecture/demonstration hall.

In November 2013, the College broke ground on a new 60,000 square foot Natural Resources Building which will house programs such as Agribusiness, Geographic Information Systems, and Fish and Wildlife Management. Soon thereafter in December, the College surpassed a major milestone in its history by becoming a candidate for accreditation with the Southern Association of Colleges and Schools Commission on Colleges and was named a finalist for the 2013 Technical College of the Year award for the State of Georgia.

In June 2014, Ogeechee Tech was accredited by the Southern Association of Colleges and Schools Commission on Colleges. Accreditation by SACSCOC was the culmination of many years of work by the College. It continues as an ongoing process which helps ensure the highest standards of education are met and allows greater opportunities for students who choose to pursue additional education following their time at Ogeechee Tech.

Throughout the years, the excellence of Ogeechee Tech's instruction has been recognized. In 1999, John Groover, an English instructor, was named the statewide winner of the Rick Perkins Award for Excellence in Technical Instruction. Three Ogeechee Tech students have been named as the top student in the state by winning the Georgia Occupational Award of Leadership (GOAL) award:

- Molly Bickerton in 2008.
- Alvie Coes III in 2011.
- Lucas Teague in 2014.

An ongoing determination to provide innovative programs of study keeps Ogeechee Tech in the forefront of meeting the educational demands of citizens in this region of Georgia. With 3,196 students attending classes in 2014, the demand for Ogeechee Tech's services remains strong. With credit programs, continuing education courses, GED instruction, and literacy programs along with various other services, the College's commitment to meet the needs of the region continues.

TECHNICAL COLLEGE
Education with Purpose

Articulation Agreements With University System of Georgia Institutions

OTC Partners With GSU Engineering Program – An articulation agreement signed in August 2015 between Ogeechee Technical College and Georgia Southern University will make the path to earning a Bachelor’s of Science degree in Manufacturing Engineering at Georgia Southern an even more uniform process.

OTC President Dr. Dawn Cartee and interim GSU President Dr. Jean Bartels signed the agreement that allows the transfer of credit to Georgia Southern in certain courses taken by students in Ogeechee Tech’s Basic Mechatronics Specialist certificate, Manufacturing Operations Specialist certificate and the pending Manufacturing Technology associate degree program.

OTC, GSU agree to link logistics degrees – Officials signed an agreement in June 2015 that would allow students who complete an associate degree in logistics at Ogeechee Technical College to progress to Georgia Southern University’s bachelor’s degree program in the same major.

Ogeechee Technical College President Dawn Cartee and Georgia Southern University President Brooks Keel signed the agreement in Keel’s conference room. The agreement includes parallel lists of courses for Ogeechee Tech’s Associate of Science program in Logistics Management and the first part of Georgia Southern’s Bachelor of Business Administration program called Logistics and Intermodal Transportation.

VSU, Ogeechee Tech Form Pathways Program Partnership – Valdosta State University (VSU) signed articulation agreements with Ogeechee Technical College (OTC) on Wednesday, simplifying student transition between the two institutions of higher education.

The Pathways Program centers on the priorities of Complete College Georgia, an initiative developed to increase the number of Georgians earning a college degree. It is a collaboration between Valdosta State University and partner institutions like Ogeechee Technical College to allow students with approved Associate of Applied Science (AAS) or Associate of Applied Technology (AAT) degrees to maximize the transfer of credits in order to complete a bachelor’s degree in two years or less. Pathways students can expect 51 or more transferable credit hours to be applied to either of the two articulated programs, Bachelor of Science in organizational leadership or Bachelor of Applied Science in human capital performance, both of which are offered completely online.

Move On When Ready

Dual Enrollment Program

The infographic is a vertical stack of five horizontal bars with a red-to-yellow gradient. The first bar has 'WHY?' in white on a red background, followed by 'Advantages of Participating in MOWR through Ogeechee Technical College' in yellow. The second bar has 'HOW?' in white on a red background, followed by 'Getting Started on Your College Education Has Never Been Easier' in yellow. The third bar has 'WHO?' in white on a red background, followed by 'Students Who Want Life Changing Results Choose OTC' in yellow. The fourth bar has 'FREE!' in white on a red background, followed by 'No Tuition. Education Guaranteed.' in yellow. Below these bars is a photograph of a building entrance with a large arched window and red flowers. At the bottom is a red banner with a yellow arrow pointing up and right, containing the text 'Your Pathway to Success!' in white script and the Ogeechee Technical College logo with the tagline 'Education with Purpose'.

Move On When Ready (MOWR)

The Move On When Ready Dual Enrollment Program (MOWR) provides high school students the opportunity to “jump start” postsecondary education during the high school years. Once a student meets the admissions requirements and is accepted to Ogeechee Technical College, the high school student will be free to “move on” earlier to the next educational level. MOWR is now available to students in 9th-12th grades and allows them to earn both high school and college credits for courses. All tuition costs, mandatory fees, and books are covered through state appropriations. Students have the opportunity to complete an associate’s degree, technical diploma, or technical certificate from a technical college, or an associate’s degree or credits toward a degree at a state college or university.

Beginning August of 2015, 15 Statesboro High School students will start earning the engineering-related Basic Mechatronics certificate in courses taught by Ogeechee Technical College faculty on the high school campus. An articulation agreement between OTC and the Bulloch school system was signed in April setting up the course being offered at Statesboro High. The students will be dual-enrolled, receiving both high school and college credit. The certificate could stand on its own for high school graduates going right to work, or it will fit into an associate degree program at Ogeechee Tech.

For students who want to go further, the associate degree program allows seamless transition to Georgia Southern University. Thanks to an articulation agreement between Ogeechee

Technical College and GSU, the associate degree now can plug directly into Georgia Southern's new bachelor's degree program in Manufacturing Engineering.

Flex Ed Terms

What is a FlexEd Term? In addition to Fall, Spring, and Summer terms, Ogeechee Technical College offers general education courses in accelerated 'minimesters'. These ten week courses cover the same content as a regular semester and provide the same credit hours in this fast-track format.

How do I register for the FlexEd Term?

- ***The enrollment process is the same for all terms.***
- ***Apply online and pay the \$25 application fee.***
- ***Request high school (or equivalent) transcripts along with official transcripts from all post-secondary institutions you have attended.***
- ***Apply for financial aid. You may pick up forms and information on HOPE, PELL, VA or other financial aid at our Financial Aid Office or [click here for additional information.](#)***
- ***Once accepted, you'll visit with an advisor and register for classes.***

What are the benefits of taking FlexEd classes?

- ***Complete courses in a shorter amount of time.***
- ***Can be a better fit for those with a busy schedule.***
- ***Flexible scheduling options.***
- ***Move faster towards graduation***

GED Testing

Ogeechee Technical College offers Adult Education classes for those preparing for the GED test. In addition, OTC offers GED testing in Statesboro for those who desire to take the exam. When a student passes the GED test, their diploma or credentials are issued by their state of residency.

GED Graduates:

Years 2010 - 2015

*Years 2010 – 2011 represent the quarter system.
Years 2012 – 2015 represent the semester system.*

	FY 2010	FY 2011	FY 2012	AY 2013	AY 2014*	AY 2015
GEDs Awarded	226	200	229	145	8	28

AY 2014 represents the transition period for the new GED exam. Decreases in the number of GED examinees and completers were noted nationwide.

Education with Purpose

Economic Development

Economic Development has been a vital part of Ogeechee Tech’s mission since it was founded in 1989. Today, that mission is executed throughout Bulloch, Evans and Screven counties through:

- ❖ **Customized Business Training** to meet the unique and dynamic needs of your business.
- ❖ **Continuing Education** courses and business-smart seminars designed to increase workplace skills and boost the bottom line.
- ❖ **Quick Start** training is rated as the No. 1 workforce development program in the country. Ogeechee Tech can be your Quick Start partner to deliver customized workforce training, free-of-charge to qualified businesses.
- ❖ **Georgia’s Retraining Tax Credit** provides qualified businesses with state income tax credit for eligible types of employee retraining programs.
- ❖ **Facility Rentals**, such as fully-equipped classrooms and Boardrooms, are available for business meetings and workshops.

OGEECHEE
TECHNICAL COLLEGE
Education with Purpose

OTC Is For Everyone!

At Ogeechee Technical College, a quality education is waiting for you. It doesn't matter if you're:

- ❖ **Male or Female:** OTC offers a wide variety of programs that appeal to many different students.
- ❖ **Younger or Older:** Whether you're a Baby Boomer or a member of Generations X, Y or Z, you can attend OTC and start on the career path that you desire!
- ❖ **Full time or Part time:** If your desire is to get on the fast-track to graduation get to work quickly, OTC is definitely for you. But if you wish to work at a slower pace towards completing a program, OTC can still meet your needs.
- ❖ **Traditional or Online Learning:** For face-to-face interaction in a classroom, with an instructor and fellow students, the traditional learning classes are a top choice. For a more flexible, independent learning style which doesn't require the constraints of a traditional classroom setting, online classes are a popular option offered through the Georgia Virtual Technical Connection.
- ❖ **Living Within or Outside of Bulloch County:** Many members of the OTC student body are residents of Bulloch County. But over half reside in other counties, and commute to campus on a daily or weekly basis.
- ❖ **Enrolling With A High School Diploma or Enrolling With A College Degree:** Ogeechee Tech offers a large and diverse number of educational programs. In addition, the College promotes a hands-on learning environment under the instruction of highly skilled and knowledgeable faculty who are available for instruction and advisement. These factors, plus many more, make OTC one of the best colleges in Georgia for students, regardless of their educational background. Our distinction of being selected as the TCSG Technical College of the Year in 2010 and 2015 proves it!

Each student at Ogeechee Tech has the potential to learn new skills and prepare for exciting new careers. With the wide range of programs to choose from, OTC has an educational path that's just right for you!

HOPE Scholarship, PELL Grant, And More...!

Ogeechee Technical College realizes that many students need financial assistance in order to attend school. Students at Ogeechee Tech have available several sources of financial aid:

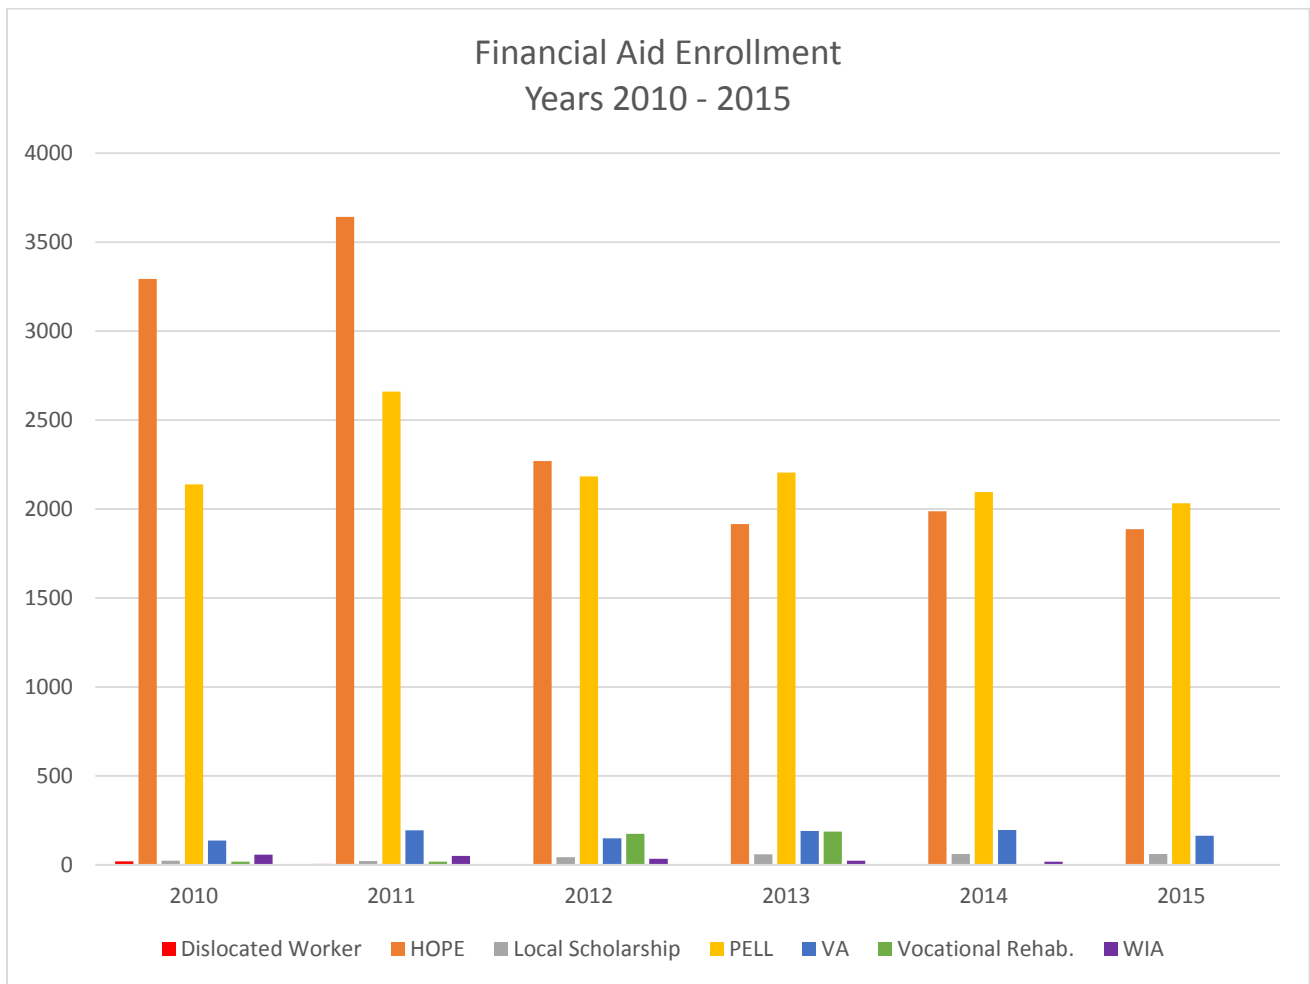

- ❖ **Federal PELL Grant**
- ❖ **Federal Supplemental Educational Opportunity Grant (FSEOG)**
- ❖ **Federal Work Study (FWS)**
- ❖ **Georgia Hope Scholarship Program**
- ❖ **Loans**
- ❖ **Veterans Administration Benefits**
- ❖ **Rehabilitation Services**
- ❖ **Various other grants and scholarships**

All students are encouraged to apply. Students must re-apply each year (before Fall Term) in order to receive or to continue receiving financial aid. All applicants must complete the Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov.
