

# **Logistics Management Articulation Agreement**

**Between**

**OGEECHEE  
TECHNICAL COLLEGE**

and

**GEORGIA  
SOUTHERN  
UNIVERSITY**

In establishment of an articulation agreement between Ogeechee Technical College and Georgia Southern University, the two parties confirm the following agreements:

**Agreement in Principle:**

Both parties agree to extend their best efforts to ensure that the transition from the SACSCOC accredited TCSG technical college, Ogeechee Technical College, to the Georgia Southern University will be as smooth as possible for the students choosing to do so. This Logistics Management program articulation is designed to minimize loss of credit and course duplication. Both parties enter into this articulation as cooperating, equal partners with the responsibility to maintain the integrity of their separate programs, to remain true to their institutional missions, and to maintain the spirit of this articulation agreement.

**Agreement on Communication:**

Ogeechee Technical College and Georgia Southern University agree to cooperate in communicating with each other and with the public concerning the articulation relationship between the two institutions. Communications may include common publications and announcements concerning their affiliation and the specific joint programs. Announcements of this articulation, of changes in the relationship, and of new programs will have a coordinated release to the public from both institutions. The institutions will encourage the dissemination of information about programs in this agreement with interested and qualified students, with both institutions providing advising and counseling to prospective students.

**Agreement on Accreditation:**

This agreement is made contingent on both parties maintaining all applicable program and institution accreditations, including both SACSCOC and appropriate professional bodies.

**Agreement on Program Specifics:**

The Logistics Management program detail shall be attached to this document. Program detail will indicate each of the following:

- The specific courses to be taken at Ogeechee Technical College that are part of the SACSCOC accredited Associate of Science Information in Logistics Management;
- The Ogeechee Technical College/Georgia Southern University equivalence between courses that transfer within the sub-agreement;

- The specific courses to be taken at Georgia Southern University to complete the Bachelor of Business Administration Supply Chain Management (Logistics and Intermodal Transportation)
- Other student performance criteria (e.g., course grades, overall GPA).

It is agreed by both parties that any student who has successfully completed all requirements indicated in the program detail will, upon application, be accepted at Georgia Southern University and may transfer the credits referenced in that program detail toward the relevant program degree at Georgia Southern University.

**Agreement on Maintenance and Review:**

At least one administrator or faculty member will be appointed from each participating college/university to act as primary point of contact and agent for this agreement, to speak for the institution and to communicate detail and modifications to the respective faculty, advisors and others with interest at the individual institutions.

Regular review of program sub-agreements, at intervals to be set by the two institutions, and in no case less frequently than every three years, will be required. Termination of the agreement may be invoked by either party with two year's notice. Students who begin a program prior to termination will be given three additional years to complete the Ogeechee Technical College portion and to be admitted to Georgia Southern University.

Both institutions agree to provide whatever data is needed by the other institution to support accreditation requirements.
