

OGEECHEE TECHNICAL COLLEGE

# CYBERSECURITY

## WHY CYBERSECURITY

Cyber threats affect businesses, government agencies, educational institutions, and individuals every day. As technology evolves and cyberattacks become more sophisticated, **ORGANIZATIONS NEED SKILLED PROFESSIONALS** to protect their networks, systems, and sensitive information.

Ogeechee Technical College's Cybersecurity program prepares students with **HANDS-ON TECHNICAL SKILLS** in network security, system protection, threat detection, ethical hacking, and incident response.

According to the U.S. Bureau of Labor Statistics, employment of Information Security Analysts is projected to grow 21% from 2025 to 2035, much faster than the average for all occupations.

In **JUST SIX SEMESTERS**, students can build a strong technical foundation and prepare for career opportunities in the growing cybersecurity field.
